www.bova-ai.com
will bring you all the latest
news from Bova.
We will endeavour to keep
it up-dated and would be
very grateful of any photos
or news stories you would
like to share.

Bova AI are pleased to present our 2018 Beef Sire Brochure. We have a large selection of bulls for a different range of markets including pedigree, suckled calf, finishing and beef sires suitable for the dairy herd which is increasing year on year. Many of our bulls rank in the top Replacement and Terminal indexes within and across breed. These indexes are updated throughout the year by ICBF so please be aware of this when making your breeding decisions.

We have added to our Charolais, Simmental, Belgian Blue, Angus and Speckled Park range and semen from our new sires is and will become available in the near future. We constantly strive to source the very best available genetics of each breed, in order to provide our customers with the most efficient bulls for their requirements. If you think you have a bull that may add to our stud, please do not hesitate to contact us.

We like to see progeny from our sires, so if you have any images from progeny of our bulls, please forward to us in the office.

Some of our bulls are placed on a royalty scheme in order that they can be used on both commercial and pedigree herds, and a detailed list of bulls on royalty schemes is available below.

May we take this opportunity to wish you a successful breeding season, and if you require advise on any bulls that we would recommend, please do not hesitate to contact us.

ROYALTY SCHEME - FOR PEDIGREE REGISTERED CALVES.

Please note that some of our beef sires have been placed on the semen royalty scheme with their respective breed societies. This scheme allows us and you to use bulls at very reasonable rates and pay an extra fee when you register your pedigree calves.

Getting the Best Results from A.I.

- Heat detection rates average about 55%. Improvements are gained by taking more time, i.e. 20 - 30 minutes on each occasion, and by more early morning and late night inspections.
- Although average heats last 12 - 15 hours, 25 - 30% of cows have heats of less than 6 hours.
- Prevent cows getting either too fat or too thin. Cows in condition score 2 - 3 (scale 1 - 5) are optimal. Thriving animals always do better.
- Avoid excessive weight loss around the time of service.
- Treat lame animals promptly.
- Breeding cows within 50 days of calving tends to give poor results.
- Never breed any cow with a dirty vaginal discharge or evidence of 'whites'.
- Keep complete records of all cows that come into heat and use them to anticipate returns. Where cows are not coming into heat have your vet examine and treat them.
- A cow standing firm to be mounted is the best sign of heat, but remember 6-8% of pregnant animals will stand too.

Laurel end

- Jacot son out of Cathy Patureau’s top cow family.
- Highly regarded by international breeders at the 2016 KBS Genetics Prestige sale where he was the sale’s top priced animal.
- Laurel’s dam, Houlette, has an exceptionally high milk index of 111.
- Pedigree second to none with an exceptional well known dam line in France.
- Laurel has extreme conformation suitable for cows that require an injection of muscle.
- He is exceptionally quiet, very well balanced and has good feet and legs.
- Laurel is a Heterozygous carrier of the double muscle gene.
- Strong International demand for semen with orders from several countries.
- Laurel’s first calves have exceptional growth and muscling.

Loyal end

Loyal end

Fuschia

- Purchased at the 2016 KBS Genetics Prestige sale for one of the top prices.
- Loyal is by one of the highest index bulls currently in France, Fuschia, ISEVR 127.
- Fuschia is easy calving and breeds shape, docility in his bulls and milk in his females.
- Loyal's dam Gama is one of the highest qualified cows in the herd.
- Her sire Cabaret produced exceptional females in the Bros herd.
- Cabaret has an overall index of 128 and his daughters score 107 for milk.
- Loyal's pedigree has excellent maternal traits combined with docility, muscle and calving ease.
- He is very well muscled, with good feet, temperament and breed character.
- Loyal is recommended for pedigree Limousin heifers.
- Loyal's first calves are easily calved and he is seeing good use on pedigree heifers as a result.

Excel daughter

Excel maternal brother Harley

- Excel is the 3rd highest qualified AI sire currently in France, INRA 10/17.
- Excel is the number 1 bull for docility in France, INRA 2017.
- Excel is very good for maternal qualities producing quiet, functional cows with milk and growth.
- Excel had excellent performance as a calf.
- He weighed 433kgs at 210 days and had a birth to 120 day liveweight gain of 1.62kgs.
- He is out of a 17 year old dam purchased from Bossoutrot.
- Excel's dam is 105 for milk and 121 for muscle.
- Excel's pedigree includes Manoir, Navarin, Ilot and Glaieul, all qualified RRE VS.
- He was placed 1st in the Beef Class at Sommet de L'Elevage in 2014 in a very strong class.
- Excel breeds early shape, weight and length.
- He improves temperament, muscle and milk.
- Highly recommended for pedigree use.

- Gamin is the 4th highest qualified AI sire currently in France with an overall index of 133, INRA 10/17.
- Gamin is by the noted weanling specialist Edelweis MN RRE VS (ISEVR 134), who was the highest qualified bull in 2014.
- Edelweis's stamp is early muscle throughout his calves in the Mazaud herd.
- Edelweis has 41 daughters calved and they score very well for pelvic width, BASpsf 136.
- Gamin stood out for his muscling, exceptional correctness and sheer style.
- His Linear is outstanding scoring a massive 95 for muscle but he has a balanced 78 for skeletal.
- Gamin has an incredible depth of hindquarter and excellent muscling throughout.
- He displays excellent locomotion and is very strong on top.
- Gamin's pedigree is steeped in stars like EdelweisMN, Vercors, Neuf, Ionesco and Moero.
- Gamin's calves are extremely consistent, display good breed character and have a show presence.
- They have early shape, are extremely docile, correct and ooze style.
- Gamin daughters have calved out with good calving ability and milk.
- Strongly recommended for pedigree and commercial use.
- Excellent indexes and BLUPs. DM 136, DS 114, AF 134

Bova Kaiser

HB No: IE241198650253
DOB: 25.02.2015
Breeder: Owen S O' Neill, Limerick, Ireland

LM2397 Limousin

Bova Kaiser – National All Ireland Bull calf born in 2015.

Bova Dresden, National All Ireland Heifer Calf born in 2008

Bova Kodiak, Gamin son out of a daughter of Kaiser's dam

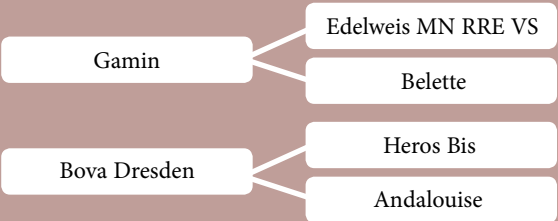

Birth weight:	47kgs
120 day:	232kgs
210 day:	421kgs
Docility score:	10/10

Tango, full sister to Andalouise

Bova Kaiser combines the best attributes of the modern Limousin into one complete package; muscle, docility, milk, correctness, length, stature, style and pedigree. His pedigree is stacked with leading sires both top and bottom. On the top side you have Gamin, Edelweiss, Ionesco and Moero. Gamin is one of the highest bulls for Terminal index currently in Ireland and Edelweiss is the 2nd highest bull for overall index in France. Both are breeding extremely well and in fact many of the top breeders in France have used Gamin with excellent results and continue to use him. On the bottom side, Heros Bis, Nectar and Junior need no introduction, having being herd sires for the Gardette and Champeval herds. Kaiser's maternal granddam Andalouise, is a full sister to Champeval's Tango. Kaiser's dam Bova Dresden is a powerful cow with milk and is breeding very consistently with several daughters retained within the herd. She was the National All Ireland Limousin heifer calf born in 2008. Kaiser's calves are stylish, with exceptional muscling and growth.

- Dubai is by the noted muscle specialist, Objat, whose sons have sold to £34,000gns.
- Objat is being used by top breeders in France & UK.
- His semen is no longer available.
- Objat has a muscle score of 146 in France.
- Dubai's dam, Ronick Nestle is a full sister to Ronick Hawk.
- Several daughters have been retained in the Millington herd.
- Dubai has muscle, length, style, a strong topline and very good function.
- He has the figures, pedigree, visual appeal and performance to match. Beef value of LM38.
- Dubai should suit pedigree breeders to improve style, weight gain, correctness and width.
- Dubai is easy calving for heifers and has produced exceptional show quality calves.
- He breeds style, excellent function, muscle and weight.
- His pedigree daughters have a very good ability to calve with good milk.

BYQ Limousin

- Duncan is a bull with muscle, length, correctness and tremendous docility.
- His pedigree includes several Show winners in Ireland such as Curraghree Sensation, Curraghree Mercedes, Pelletstown Estelle and Pelletstown Newman, who was Reserve National Champion 1999 and whose sons have sold to €14,800.
- Vantheman, sire of Duncan, is noted for his docility along with his muscle and ease of calving.
- Duncan is leaving calves that are easily born, showing good muscle and phenomenal length.
- They have very good function and style.
- Duncan progeny grade extremely well at slaughter.
- Duncan, whilst easy calving will improve carcass weight and milk.

Sylvain show Results

1st Tullamore Nat. Show '06
1st Limerick Show '06
1st Magny Cour 2004
1st Magny Cour 2002
1st Charolles 2002
1st Charolles 2001

Purchased at Magny Cour Show in Sept. 2004 where he was much admired by many breeders from around the world. Has produced excellent calves in France & Ireland. Has a power packed pedigree – his dam Jacobine has produced regularly for 9 years. Jacobine is also the dam of Omnibus RVS (ISEVR 108). She is also a full sister to Liquer and a maternal sister to Galette – this being the top cow family in Jean-Marc Pacaut's herd. Sylvain has the **Length, Scale, Style and Muscling** for the most discerning breeder. His calves in Ireland are displaying Sylvain's own best attributes - big with that extra body length so desirable today, correctness- standing on four good legs and his indisputable style. **Probably by his daughters will Sylvain be rightly classed as a "breeders bull" - why wait any longer to use the natural and superior successor to Jupiter (breeder – Jean-Marc Pacaut).** Sylvain sons and daughters have excelled at Irish and French National Charolais shows.

ELR Charolais

- Excellent hind quarter development.
- Superb muscling. Very good temperament.
- Good length and a super topline.
- Total outcross pedigree. Dam has very good milk.
- Sire "Amont" produced sons and daughters with exceptional shape, style and correct feet and legs.
- They have strong toplines, fantastic ends and great breed character.
- Éclair has made a strong name for himself amongst commercial showmen.

ELR commercial bull 6 weeks

- His progeny have very good thickness of hindquarter, strong toplines and great breed character.
- His first calves slaughtered weighed incredibly well with excellent carcass traits.

Genereux

HB No: FR5250440190
DOB: 24.03.2011
Breeder: Eric Langillier, Parnoy en Bassigny, France

S590 Charolais

- Genereux was 2nd in his class at Charolles Show 2011.
- His sire Rokfeller RJ was 1st in Charolles in 2000 and 2nd at Euroviande in Metz in 2004.
- Rokfeller is breeding muscle, length and style.
- Genereux had a 210 day weight of 455kgs.
- Genereux has excellent expression of muscle in his hindquarters and throughout his topline.
- Genereux is breeding very well on plain cows and will produce fatstock winners.
- Outstanding temperament.
- Genereux's calves are extremely heavily muscled and are meeting farmers requirements for export quality weanlings.
- He is average for calving and is the ideal bull to inject muscle and style into plain cows.

- Red Angus are noted for their maternal characteristics, temperament and growth rate.
- **Mikado is one of the top bulls available for Replacement index.**
- Mikado has a massive Replacement Index of 171 and a Terminal index of €90.
- He is a son of the number 1 bull ZLL whose semen is now limited.
- His grand-dam is a daughter of the noted Red Fine Line Mulberry 26P.
- Mulberry was Supreme Champion Beef bull at the 2006 Farmfair International in Edmonton, Canada.
- Mikado has top indexes across all major traits.
- He is exceptionally quiet and his dam is a very milky, fertile cow.
- He is a correct bull with length and a good topline.
- He is well muscled and has a good head.
- He should appeal to both pedigree and commercial Angus producers.

Westellen Diego M734

HB No: IE151801020734
DOB: 29.09.2012
Breeder: John & Catherine Tait, Cork, Ireland

WZG Angus

- Diego is a son of the highly regarded Bova Lord Blackwood, S868, (whose semen is no longer available) out of John Tait's top cows.
- Blackwood sired the Reserve Overall Angus Champion at the NI calf championships in November 2016, and the Supreme Female Champion at the Irish Aberdeen Angus Premier sale in 2017, Drumbeera Lady Thatcher T226 selling for €4,200.
- Diego stood out on first appearance for his sheer style.
- He has incredible muscling for an Angus, a good deep body and a fantastic head.
- He has extra length, a tremendous topline and a very good temperament.
- He has excellent feet and legs, oozes character and has a show type presence.
- Diego is being used by top pedigree and commercial breeders with excellent calves.
- He is easily calved, producing muscle, length, style and good legs and feet.

Belvin Lady Blossom 22'02

Belvin Patriarch has made a very good name for himself both here and in Canada, breeders are very pleased with progeny and he is seeing heavy usage as a result. He comes from the very well known Lady Blossom family. His dam is the \$40,000 valued cow who has produced 2 sons to sell for over \$16,000. She has been shown successfully in Canada and was Champion female at a number of shows. Her full sister -who sold for \$30,000 - and full brother have done equally as well. Patriarch has trait leading EPD's with excellent figures for milk and weight gain.

- Patriarch bulls are highly sought after for their calving ease on the dairy herd.
- VPH daughters have very good milk.
- **Easy calving – suitable for heifers.**

Lisnagranchy Carlo

HB No: IE182586650152
DOB: 08.09.2007
Breeder: Margaret Harney, Galway, Ireland

LRY Parthenaise

- Very good muscling.
- Superb length.
- Great temperament.
- First in class at Beef Expo 2008.
- Reserve Male Champion Beef Expo 2008.
- Excellent satisfaction from farmers.
- Exceptional growth rate and muscle make Carlo an ideal bull to breed weanlings for export.
- Number 2 Parthenaise for Terminal index.
- Outstanding pedigree and commercial calves.

Despagnou

HB No: FR1209032246
DOB: 24.12.2008
Breeder: Earl Boubal, Montrozier, France

DPZ Aubrac

Despagnou Statistics	
Birth weight	33kg
210day weight	316kg
Calving	97
Crossing	103
Muscle	106
Skeletal	100

Despagnou was one of 3 out of 100 bulls that were selected to enter AI in France by Midatest. John Walsh, Ballintra, Co Donegal purchased the bull in the test station for use in his own herd. Despagnou should breed stock with good finishing qualities and high grades. He has an outcross pedigree so should be suitable for Irish breeders. Aubrac heifers due to their maternal traits make excellent replacements. Despagnou has been used widely by breeders with excellent satisfaction. One of the highest bulls available for Terminal Index. DPZ sired the top priced animal at the Irish Aubrac Sale in Tullamore 2013. Two weanling heifers also sired by DPZ averaged €1,450 at the same sale.

- Number 1 Aubrac for Terminal index and number 2 Aubrac for Replacement index.
